

No.1 Noodle Making Machine

With over 7000 customers and over 30,000 machines working in the finest restaurants, Sanuki Menki is the No.1 Japanese Noodle Machine manufacturer, leading the noodle-making industry for over 100 years.

Sanuki Menki is famed for manufacturing noodle-making machines that replicate the ancient techniques of Japanese craftsmen who make noodles by hand.

Sanuki Menki noodle machines can handle every type of noodle production, including udon, ramen, pasta, soba, and chinese noodle.

Celebrating its 101st Anniversary!

Just \$50,000 GST
